

the **WORKING
MUMS CLUB**

WELCOME TO THE CLUB

From our **FOUNDER**

I went back to work two weeks after giving birth, desperate to be present for my daughter while keeping my career alive. But like so many of you, I quickly learned the world wasn't built for both.

The stats are stark: over 75% of women don't return to work full-time after having children because childcare just doesn't bend around real life.

I knew there had to be a better way for us - so I created it. Welcome to The Working Mums Club.

OUR ETHOS

Connection, curiosity and care sit at the heart of everything we do.

We believe children thrive when they feel truly known and supported to explore the world their way. Every child's voice, choices and interests matter here. We nurture independence, confidence and a joyful love of learning through thoughtful environments and warm relationships.

Our goal is to create a place where children feel at home. Where they're encouraged, respected and celebrated as individuals. Together with parents, we've built a community on trust and shared understanding, where home and nursery go hand-in-hand.

ABOUT US

The Working Mums Club Nursery is where flexible childcare meets community. Here, your child can learn and play while you work just next door. Without the guilt and the impossible choices, you're free to give your all to your work for the day.

We follow the EYFS framework with play-based learning at our heart. Drawing inspiration from Montessori and Reggio Emilia, we create rich experiences where children explore, investigate and discover at their own pace.

OUR ROOMS

Baby Room

Under-2s enjoy sensory play, tummy time, soft textures and gentle interaction in our nurturing space.

We know that babies thrive on familiarity and comfort, so feeds, naps and routines follow your child's home rhythms.

2+ Room

This lively room is filled with open-ended resources for curious toddlers.

Children explore messy play, construction, mark-making and simple maths while developing language, independence and early friendships through play.

Outdoors

We're located directly opposite a brand new playground which our nursery children access daily. Outdoor learning in all seasons helps children connect with nature, manage risk and build their confidence.
